WELCOME TO CATALINA

Thank you for choosing to visit Catalina Island. Whether you're a first time visitor or one of our "regulars"—here for the day or an extended visit—we're delighted to share our island paradise with you!

Those of us who reside year-round on Catalina Island think we have found paradise. Although we're located just 22 miles off the Southern California coast, it usually feels like we're a million miles away from the hustle and bustle of the big city. Our air is smog-free, our bay has the clearest water of any harbor in the country, and there's not one traffic light on the whole island! From our "city" of Avalon (population 3,500) to the country village of Two Harbors (population 150), Catalina Island resembles the California of 50 years ago—undeveloped and unspoiled! Catalina Island really is another world!

Discover paradise for yourself. The information on the following pages has been assembled to enable you to plan your entire visit. From transportation and accommodations, to restaurants, sightseeing and activities, it's all here. And the Catalina Island Chamber of Commerce & Visitors Bureau is ready to answer your questions before, during, or after your visit.

Catalina Island. Not just an island, Another world!

Mayor, City of Avalon

Catalina Island Chamber
of Commerce & Visitors Bureau

Located just 22 miles off the coast of Southern California, Catalina Island is as vast in size as it is in things to do. We've developed this Welcome Map to help you get acquainted with the island, and to give you some fun ideas on what to do while you're here.
Whether you are visiting for the day or enjoying an extended stay, here are some itinerary ideas to help you get the most out of your Catalina Island visit.

One Day

If you are only here for a day trip, don't despair! You can easily squeeze one or two sightseeing tours into the day. (We recommend a tour of Avalon and/or a submarine or glass bottom boat tour – the best way to get acquainted with Catalina's land and sea.) Or, rent a golf cart and explore Avalon at your own pace. Stop for lunch at one of our seaside restaurants so you can enjoy the view while you eat. An afternoon of shopping and relaxing on the beach completes the day.

Two Days

If you are spending two days on Catalina Island, you can still enjoy all of the activities of a day trip, but at a more relaxed pace. Some more great ideas: Take in a movie at the Avalon Theatre in the legendary Casino Ballroom. Play a round of golf. Visit the botanical gardens. Be pampered at a day spa. Rent a kayak or go snorkeling. Explore the Catalina Island Museum. Enjoy Avalon's night life at one of several lounges and clubs. Spend some time relaxing at your hotel. The possibilities are endless!

Three Days or More

If you are staying on Catalina Island for a few days or more, you can still do all of the activities mentioned above, but take some time to explore the more than 42,000 acres of Catalina Island's vast interior. If hiking is not your thing, there are several tours that go into the interior, including a stop at Catalina Island's Airport-In-The-Sky.
Don't miss the chance to see our bison roaming free, and the beautiful views of the Pacific can't be beat!

ACTIVITIES

With our year-round Mediterranean climate, almost every day is ideal for enjoying the many activities Catalina Island has to offer. Swimming, snorkeling, and kayaking are just a few popular water activities. There are plenty of options to fill the day on land, as well, including horseback riding, sightseeing, golf, or just strolling through Avalon's quaint shops and galleries.

Want to experience the great outdoors? Go camping, hiking, or mountain biking in the island's protected interior. Or, explore the island's interior on a Jeep Eco-tour or sightseeing tour bus.

Visit the Catalina Island Museum and discover our rich and exciting history. Catch a movie in our fabulous art deco theater, or just relax on the beach with your favorite book. Whatever your pleasure, your visit to Catalina is sure to be an unforgettable experience!

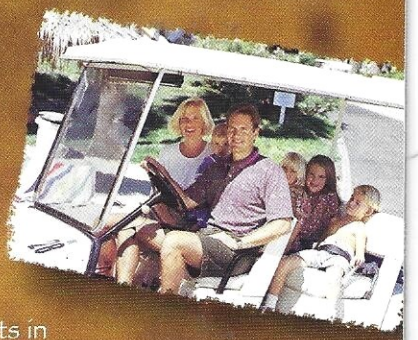
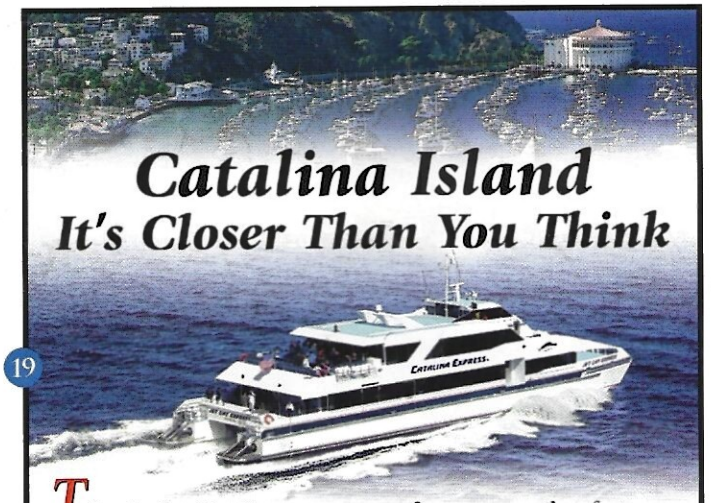
TRANSPORTATION



Although Catalina Island feels like a world away, getting here is actually fast and easy! Travel time to Avalon, the Island's only city, can be done in as little as 15 minutes by air, or one hour by boat, from five convenient ports in Orange and Los Angeles counties. Daily helicopter service to the Island is available from San Pedro or Long Beach.

Once you are on the island, getting around Avalon is easy. Almost everything is within easy walking distance (the town is one square mile), and most hotels are close by. Taxi service is available from the boat terminals to anywhere in Avalon, and there is also a taxi depot in the center of town. Avalon also offers public transportation to many points of interest in town, and there are shuttles available to take visitors into the island's interior.

One of the many things that make Catalina Island unique is its limited number of automobiles. Golf cart rentals are available year-round and as you'll discover, almost everybody – visitors and residents alike – find golf carts the favorable mode of transportation.



19

Take the *Jet Cat Express*, or one of our seven other fast, smooth-riding boats. In about an hour or less, you'll experience the adventures and charms of Catalina Island. Enjoy sightseeing, sports, shopping and dining. Go for a day or an overnight stay. Catalina Express offers over 30 round trips daily from Long Beach, San Pedro and Dana Point.

- Two Long Beach Departure ports.
